

THANK YOU

FOR SUPPORTING 30 YEARS OF PEOPLE HELPING PEOPLE.

LET'S KEEP GOING.

The Great Lakes Community Action Partnership People Helping People Fund gives GLCAP the opportunity to go above and beyond to provide help for the families we serve.

The fund has assisted people with food costs, utility expenses, and other needs. No funds are used for administrative costs. All donations stay local. Help us keep going.

SUPPORT FOR THOSE IN NEED

That's what GLCAP provides through the People Helping People Fund. The fund gives us the opportunity to go the extra distance in helping people in our programs and our communities.

For thirty years, the fund has helped families pay utility bills, repair vehicles, purchase emergency childcare supplies, and meet other needs that go beyond the support that GLCAP can typically provide through our grant-funded programs. These may seem like modest expenses, but support through the People Helping People Fund makes a big difference in the lives of the people we serve.

All donations to the People Helping People fund stay local, and no funds are used for administrative costs.

Making a donation to the People Helping People Fund allows GLCAP to continue supporting the families we serve now and into the future.
