Great Lakes
COMMUNITY ACTION
PARTNERSHIP

Learning begins with Head Start

Start your child's education with GLCAP

Children learn best through play.

We support learning through encouraging creative expression and guided activities that promote language, literacy, math, science, and socialization.

Head Start is a family-oriented program.

We encourage and support parent involvement in children's learning, and help families meet goals that go beyond the classroom.

All children have the right to education.

Our staff welcome and accommodate children of all abilities in our programs.
